I had to correct a few more scores this month, mostly due to an archers' handicap going up from the previous month (which should not be possible). This suggests to me that some of you might have re-aligned all the handicaps with their re-assessed outdoor handicap on 1st January.

Don't forget that the Frostbite handicap is completely separate to the outdoor handicap, so is not re-assessed on 1st January, nor is it adjusted due to the re-assessment of an archers' outdoor handicap.

Thanks,  
Damian
