* Round shot as a "Metric Western": 4 doz at 60m, 4 doz at 50m using imperial scoring.

Thank you all for taking part in this bit of "Remote Dunster", I must say I was really pleased with the uptake. Hopefully you all enjoyed it, from the comments I've received it seems you all did even if the weather wasn't always the kindest! It was also great to see some of you keeping up traditions with a good old cream tea, any excuse for a healthy dollop of clotted cream hey?

Despite this being "just a bit of fun" I must mention Sheila Hudson's score which, had this been a record status event, would have smashed the National record, which she already holds, by 48 points!

Great shooting Sheila.

And finally, heres to all meeting up in a certain field in Somerset on 13th June 2021!
